WORLD HEALTH DAY

(Mr. CROWLEY asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. CROWLEY. Mr. Speaker, tomorrow we celebrate World Health Day. Unfortunately, though, too many of the world's women have no cause for celebration. Nearly 600,000 women die each year from pregnancy and childbirth-related complications. That is one woman every minute.

For every maternal death that occurs worldwide, an estimated 30 additional women suffer pregnancy-related health problems.

More than 150 million married women in developing nations still want to space or limit childbearing, but do not have access to modern contraceptives.

Yet, despite these startling statistics, the U.S. commitment to women's health remains woefully inadequate.

That is why I, along with 31 of my colleagues, support legislation to increase the U.S. commitment to women's health by \$300 million as part of our legislation, the Global Health Act 2000.

Mr. Speaker, H.R. 3826, the Global Health Act of 2000, authorizes \$1 billion in additional resources to improve children's and women's health and nutrition, provide access to voluntary family planning, and combat the spread of infectious diseases, particularly HIV/AIDS.

Mr. Speaker, by passing the Global Health Act, the United States would make a giant leap forward in promoting access to healthcare for millions of the world's women. I hope we all can keep this in mind as we observe World Health Day tomorrow.

AMERICAN HOMEOWNERSHIP AND ECONOMIC OPPORTUNITY ACT OF 2000

Ms. PRYCE of Ohio. Mr. Speaker, by the direction of the Committee on Rules, I call up House Resolution 460 and ask for its immediate consideration.

The Clerk read the resolution, as follows:

H. RES. 460

Resolved, That at any time after the adoption of this resolution the Speaker may, pursuant to clause 2(b) of rule XVIII, declare the House resolved into the Committee of the Whole House on the state of the Union for consideration of the bill (H.R. 1776) to expand homeownership in the United States. The first reading of the bill shall be dispensed with. All points of order against consideration of the bill are waived. General debate

shall be confined to the bill and shall not exceed one hour equally divided and controlled by the chairman and ranking minority member of the Committee on Banking and Financial Services. After general debate the bill shall be considered for amendment under the five-minute rule. It shall be in order to consider as an original bill for the purpose of amendment under the five-minute rule the amendment in the nature of a substitute recommended by the Committee on Banking and Financial Services now printed in the bill. The committee amendment in the nature of a substitute shall be considered as read. All points of order against the committee amendment in the nature of a substitute are waived. No amendment to the committee amendment in the nature of a substitute shall be in order except those printed in the report of the Committee on Rules accompanying this resolution. Each amendment may be offered only in the order printed in the report, may be offered only by a Member designated in the report, shall be considered as read, shall be debatable for the time specified in the report equally divided and controlled by the proponent and an opponent, shall not be subject to amendment, and shall not be subject to a demand for division of the question in the House or in the Committee of the Whole. All points of order against the amendments printed in the report are waived. The Chairman of the Committee of the Whole may: (1) postpone until a time during further consideration in the Committee of the Whole a request for a recorded vote on any amendment; and (2) reduce to five minutes the minimum time for electronic voting on any postponed question that follows another electronic vote without intervening business, provided that the minimum time for electronic voting on the first in any series of questions shall be 15 minutes. At the conclusion of consideration of the bill for amendment the Committee shall rise and report the bill to the House with such amendments as may have been adopted. Any Member may demand a separate vote in the House on any amendment adopted in the Committee of the Whole to the bill or to the committee amendment in the nature of a substitute. The previous question shall be considered as ordered on the bill and amendments thereto to final passage without intervening motion except one motion to recommend with or without instructions.

The SPEAKER pro tempore (Mr. OSE). The Chair recognizes the gentleman from Ohio (Ms. PRYCE) for 1 hour.

Ms. PRYCE of Ohio. Mr. Speaker, for the purposes of debate only, I yield the customary 30 minutes to the distinguished gentleman from Massachusetts (Mr. MOAKLEY), ranking member of the Committee on Rules; pending which I yield myself such time as I may consume. During consideration of this resolution, all time yielded is for the purpose of debate only.

Mr. Speaker, House Resolution 460 is a structured rule providing for the consideration of H.R. 1776, the American Homeownership and Economic Opportunity Act of 2000.

The rule provides for 1 hour of general debate, after which the House will consider a bipartisan manager's amendment, as well as 11 other amendments that the Committee on Rules made in order. Of these amendments, five will be offered by Democrats, four will be offered by Republicans, and three are bipartisan. Additionally, the

rule allows the minority to offer the customary motion to recommit with or without instructions.

So I think it is fair to describe this rule as carefully balanced and fair. It gives Members on both sides of the aisle equal opportunity to alter the legislation, and the House will have the opportunity to fully debate the merits of the bill.

Mr. Speaker, the American Homeownership Act is the result of hard work and negotiation, and I commend the gentleman from New York (Mr. LAZIO) for his continued commitment to updating and improving our Nation's housing policies.

The goal of H.R. 1776 is simple. The bill seeks to help more Americans realize the dream of owning their own home. While today's economic prosperity has allowed our Nation's homeownership rate to peak at 67 percent and nearly 70 million households own their homes, we all know that not every American is enjoying today's economic boom. For too many hard-working families, homeownership seems an unattainable dream.

H.R. 1776 takes a number of steps to reduce the barriers to homeownership that low-income Americans face. For example, the bill reduces unnecessary, excessive regulation that adds thousands of dollars to the cost of a home.

Under this legislation, all proposed Federal regulations must include a housing impact analysis so that the Government can determine if policies will jeopardize the availability of affordable housing.

H.R. 1776 also empowers local communities to boost homeownership in their neighborhoods. People who own their homes have a greater stake in their neighborhoods; and by increasing homeownership, cities can look forward to cleaner, safer neighborhoods.

Under the bill, localities will be able to leverage public funds with private funds in order to increase homeownership opportunities. Through the creation of a mixed-income loan pool and a home loan guaranteed program, more Americans will have access to affordable housing.

Local flexibility is also enhanced by provisions that allow mayors and local government officials to use Federal funds to assist first-time home buyers who are municipal employees to purchase homes in the communities where they serve.

It makes sense for those who are largely responsible for the safety of our communities and who act as role models for our children, such as police officers, fire fighters, teachers, to actually live in the neighborhoods where they work.

This bill will grant localities the flexibility to establish smarter urban planning policies and strengthen their communities by allowing city workers to become our neighbors and keeping workers closer to their jobs.

The American Homeownership Opportunity Act also helps families who
